## Science Week 2024 Friday 8th - Sunday 16th March 2024

Dear Parents/Guardians

I would like to inform you about how we plan to bring Science Week to Heathwood in March 2024. We would like to invite people from our Heathwood Community to become involved and help create an exciting and memorable event for the whole school. The school will spend the week developing our STEM (Science, Technology, Engineering and Mathematic skills) through a variety of workshops, activities and guest speakers. The children would like to ask if there are any parents within our community, who would be able to come into school and complete a presentation about their field of work (approx 20 mins - longer if you would like) to show how the Science we learn about in school is used within the workplace or to offer a STEM related activity.

If you are able to become involved in this exciting opportunity, please email the school office with your expertise and which Year Group you would prefer to work with or complete the reply slip below. If you have any questions, please drop into Class 3 or email me via the school office ([office@heathwood.beds.sch.uk](mailto:office@heathwood.beds.sch.uk)).

Thank you for your support and we look forward to working with you in your chosen field.

Mr Waterhouse  
Science Lead
